

Posts and Bench boards are  
Black Locust

L-brackets are White Oak

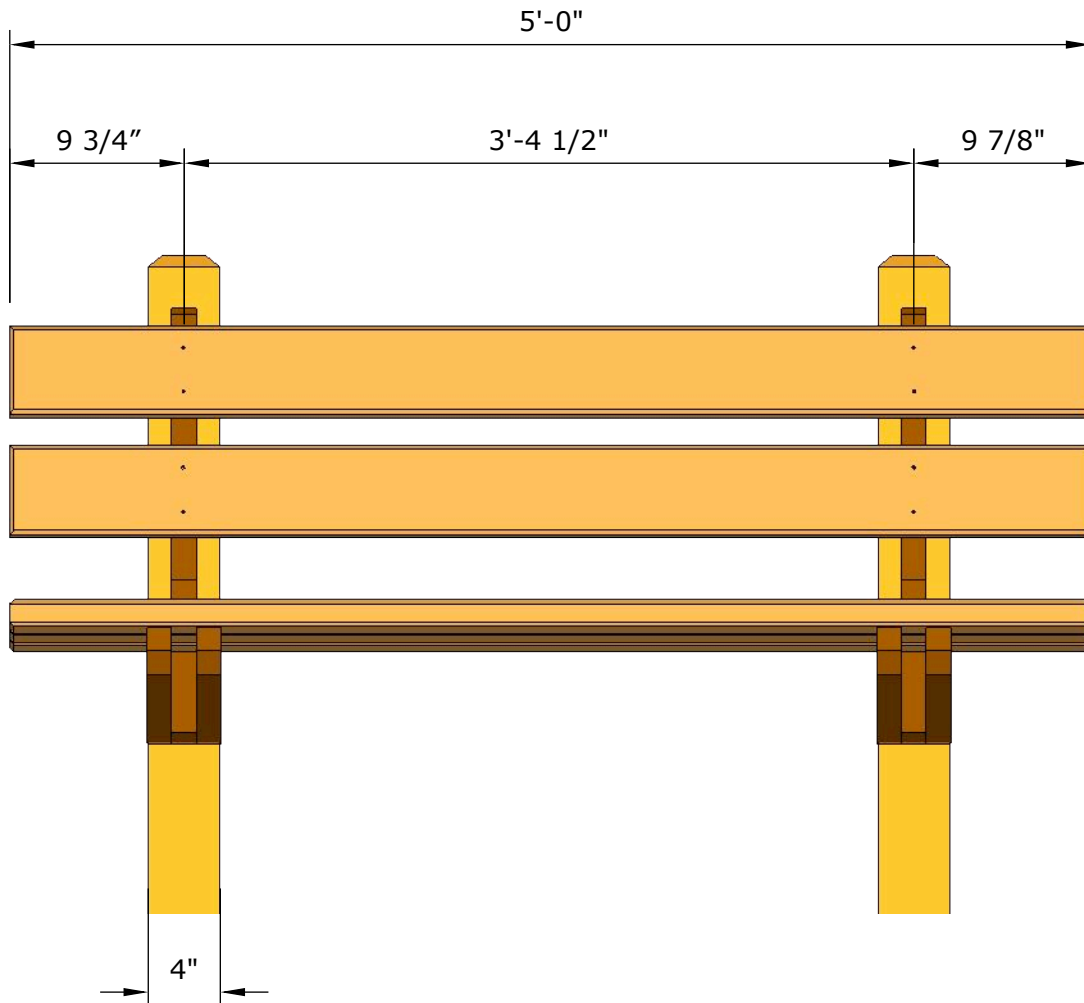

Below-grade post depth variable based on  
available stock.

Post dimension at least 4"x4", variable  
based on available stock.

Central White Oak L-brackets on Locust posts, 16 1/2" from grade to top of horizontal (see page 2).

Attach bench assembly to each Locust post with 2 Headlock screws, one between backboards and one at base of L-bracket.

Pre-drill for SS deck screws to attach bench boards to L-brackets, 1 1/4" from each edge of board as shown here.

\*Overall bench width may vary per client request
